Hearing:	SB 253, SB 243, SB 261
Executive Action:	SB 261 TABLED
	SB 243 DO PASS AS AMENDED

HEARING ON SB 253

Opening Statement by Sponsor:

SEN. RIC HOLDEN, SD 1, Glendive, said **SB 253** dealt with the insurance fraud act which focused on the insurance industry. **SEN. HOLDEN** said insurance fraud was a multimillion dollar societal problem on which the insurance industry spent more than $200 million per year to combat. He said insurance fraud was a consumer issue because consumer premium dollars were used to fund insurer efforts to detect and deter insurance crimes. **SEN. HOLDEN** said proposed legislation provided immunity for those who

definition of the Insurance Fraud Act came primarily from a statute passed in Idaho; the language for **SB 253** came basically from that statute and from the National Association of Insurance Commissioners. She also said the insurance code was carefully scrutinized for use in drafting **SB 253**, and if the code already granted the authority, that power was not included in **SB 253.**

SEN. EMERSON asked how long ago Idaho had passed the Insurance Fraud Act, and what were the results. **Ms. Lenmark** said it was passed three or four years ago; however, she had no statistics. She said even a small, significant law change could result in a change in rates.

SEN. KLAMPE commented since Montana spent state dollars to investigate fraud and to convict perpetrators of the fraud, thereby saving insurance companies money, why couldn't the savings be passed to the consumer through premium savings. **Mr. McGlenn** answered, when legislation to investigate and convict fraud was enacted, the savings to the consumer were not immediately noticeable. He said insurance companies would wait to see if passed legislation would be upheld by the state courts and what the savings would be on an actuarial basis. **Mr. McGlenn** conveyed, at that time, the competitive marketplace would begin to pass the savings to the consumer.

Closing by Sponsor:

SEN. HOLDEN said one of the campaign issues was health care reform, and if the committee would consider all the parts which would be coming before them during the next month, a comprehensive program, wanted by the Montana people, could be formed. He stated, it was a fact, premiums were based on losses; when losses decreased, premiums decreased. **SEN. HOLDEN** asked DO PASS for **SB 253.**

CHAIRMAN JOHN HERTEL reminded those who had amendments to meet with the legal staff immediately.

HEARING ON SB 243

Opening Statement by Sponsor:

SEN. BILL WILSON, SD 22, Great Falls, said **SB 243** was a simple bill, brought at the request of local ski operators. He stated Montana code required (Lines 22-23) a current copy of "The Skier's Responsibility Code" be posted in a conspicuous location. He said "current as of April 4, 1989" was stricken because it referred to the old "Skier's Responsibility Code". **SEN. WILSON** referred to the handouts which had been distributed earlier, explaining **EXHIBIT #3** was the old and **EXHIBIT #4** was the new. He informed the committee the new was necessary because of the explosion of snowboarding recreation.

Proponents' Testimony:

Pat Melby, Montana Ski Areas Association, said **SB 243** was a housekeeping bill to accommodate the updating by the Montana Ski Areas Association.

Opponents' Testimony: None.

Questions From Committee Members and Responses:

SEN. JOHN HERTEL asked what would happen if "current" would be placed between "the" and "skier" on Line 6, thereby making it unnecessary for legislative update every four or five years. **Pat Melby** said it made good sense; however, problems occurred when "current" was used because the code in effect at the time of the passed legislation was delegated to legislative authority, i.e. it could not be updated as if it were an organization.

Greg Petesch agreed with **Mr. Melby's** interpretation that an entity could not amend statute through authority delegated to them; however, since this was a posting requirement, he didn't think it would be an unlawful delegation of authority to require posting of the most current version, i.e. posting, not amending, would be taking place. He said in that way, future amendments could be avoided.

Pat Melby said **SEN. HERTEL'S** suggestion would be fine and he expressed appreciation for not having to return periodically to the legislature for an updated version.

Closing by Sponsor:

SEN. WILSON thanked the committee for the language which would make it unnecessary to reappear before the legislature.

HEARING ON SB 261

Opening Statement by Sponsor:

SEN. MIKE SPRAGUE, SD 6, Billings, said **SB 261** was drafted because several years ago he was visiting in Oregon, and when he tried to fill his car with gas, he was told it was not legal to self-serve. He said he asked the State of Oregon for a copy of the bill which covered the law and presented it as a conceptual idea, not knowing whether it would be drafted as a bill.

SEN. SPRAGUE said the welfare reform concept was recipients would need to be off welfare within 18 months or two years, the idea being those persons would have a job. He said he called **SB 261** his "Micron Low-Tech Jobs" bill, explaining about 3,500 jobs

Closing by Sponsor:

SEN. SPRAGUE thanked the committee for the debate, and said he would like to see **SB 261** debated on the Senate floor.

EXECUTIVE ACTION ON SENATE BILL 243

Motion/Vote: **SEN. GARY FORRESTER MOVED TO ADOPT AMENDMENTS 341235SC.SPV.** The motion **CARRIED UNANIMOUSLY** by voice vote.

Motion/Vote: **SEN. STEVE BENEDICT MOVED SB 243 DO PASS AS AMENDED.** The motion **CARRIED UNANIMOUSLY** by voice vote.

EXECUTIVE ACTION ON SENATE BILL 261

Discussion: **SEN. EMERSON** asked if it would be beneficial to explain **SB 261** to welfare people. **SEN. SPRAGUE** said he had and they had planned to be there to testify. **SEN. EMERSON** suggested the welfare office help subsidize the creation of jobs; perhaps only about 1,000 jobs would be created, but it would be a start.

SEN. CRISMORE suggested **SB 261** not be taken to the Senate floor.

SEN. WILSON said he liked the 20-hour community service idea; however, he wondered what would be done about Workmans' Compensation.

SEN. BENEDICT said he saw too many problems with taking the concept to the Welfare Department because there were 100,000 Montana retailers who could use help from those on welfare. He said targeting one industry was wrong from the standpoint of free enterprise, i.e. being forced by the government to provide better service.

Motion/Vote: **SEN. CASEY EMERSON MOVED TO TABLE SB 261.** The motion **CARRIED 6-3** on roll call vote (**#1**).
